Have Fine Gathering at
Which Grand Officers
are Present

The annual joint installation of Sonoma lodge No. 28, I. O. O. F. and Verdant Rebekah lodge No. 99 took place Tuesday night and was one of the finest affairs of the year in fraternal circles. About 80 members and their families together with visitors from Windsor, Healdsburg and Santa Rosa were in attendance. The installing officers of the Rebekahs were as follows: District Deputy President, Mrs. Martha Gamble, Santa Rosa; Grand Marshal Mrs. Le Baron, Santa Rosa; Grand Warden Mrs. Rambo; Grand Secretary, Mrs. Lutgens; Grand Treasurer, Ethel Kenne; Grand Chaplin, Mrs. Small; Grand Inside Guard, Mrs. Entleman. The newly installed officers were Noble Grand, Mrs. Alice Wagon; Vice Grand, Miss Jessie Heiser; Secretary, Anita Breitenbach; Treasurer, Gladys Small; R. S. Noble Grand, Mrs. Susie Revie; L. S. Noble Grand, Mrs. Lizzie Lutgens; Conductor, Miss Alice Soderberg; Warden, Mrs. Ida Entleman; Chaplin, Mrs. Small; R. S. Vice Grand, Miss Ethel Revie; L. S. Vice Grand, Stella McGill; Inside Guard, Mrs. A. Rowe.

The installing officers for the Odd Fellows were D. D. G. M., S. B. Horton; D. D. G. M., O. E. Engleby; D. D. G. W., Ben Bernard; D. D. G. S., O. H. Nailor; D. D. G. T., W. E. Meek; D. D. G. C., John Banks, all of Healdsburg.

The officers installed were Noble Grand F. J. Knolle; Vice Grand Archibald Revie; Secretary, W. S. Dunn; Treasurer, Philip Bill, Warden, R. B. Busby; Conductor, H. J. Dunn; Chaplin, J. M. Cheney; R. S. S. H. C. Lutgens; L. S. S. C. B. McDevitt; R. S. N. G., J. D. Wagon; L. S. N. G. R. A. Pauli; R. S. V. G., W. Rambo; L. S. V. G., R. B. Hunter; I. G., R. T. Cooper; O. G. Henry Castignasso.

After the fine ceremonies and presentation of the Past Noble

Grand's pin to Mrs. Rambo, the Odd Fellows and their ladies repaired to the banquet hall where a fine collation was served and where the company was treated to some splendid speeches and remarks by the Grand Officers. The fine sentiment and spirit of true brotherhood which characterized the speech making made a distinct impression on the seventy five or eighty present and won much commendation for the speakers.

Dancing and music rounded out the evening and it was well on toward two o'clock before the brilliant affair came to an end. Sonoma Lodge No. 99 is in a most flourishing condition as is also Verdant Rebekah lodge.

FRATERNAL BROTHERHOOD

St. Valentine's is to be celebrated by a dance on February 12th given by the Fraternal Brotherhood. The committee having the affair in charge is composed of Kenneth Darling, Wm. Perry, J. D. Halstead and J. B. Suttie. The floor will be skillfully managed by Wm. Kehoe and Dr. Gobar. Mrs. Gorsky of the Palace Hotel will serve the refreshments and a pleasant time is anticipated.

GRAND BALL DATE CHANGED

The Grand Colonial ball at Agua Caliente Springs, first announced for February 22nd, has been changed to Saturday night February 19th in order not to conflict with the Native Sons ball here in Sonoma on Washington's Birthday. Mr. and Mrs. Richards will honor the Father of Our Country never the less, and the Colonial features of the fine affair will be most attractive. Read about the grand prizes in the announcement in another column.

John Picetti of the Sonoma Real Estate Company received a good boost from a Santa Rosa paper this week because he has written them that he knows it pays to advertise. We are glad Mr. Picetti hails from Sonoma Valley and he is certainly getting the business.

DONATES RARE PLANTS TO PLAZA

Monsieur Callieud of Buena Vista Presents Sonoma With Fine Collection of Shrubs and Flowers

Monsieur Callieud of Buena Vista has sent in a fine collection of plants which he donated to the city of Sonoma for the ornamentation of our historic plaza.

Emil Segournaut, late assistant to John McLaren at the Fair, supervised the moving of the shrubs and flowers and will make a study of the plans being prepared by the University in order that the plants may be set out harmoniously.

The varieties donated are as follows:

Lilac, Roses, Bamboo, Pampas, Spireas, Euonymus, Japanese Quince, Hortensia, Eupatorium, Lorostinus, Abutilon, Fox Glove, New Zealand Flax, Hens and Chickens, Dracena, Fucia, Paris Daisy, Peach Tree Japan, Cannas, Magnolia Jap, Loquat, Spanish Laurel, Habrothamus, Spanish Broom, Syringa, Shasta Daisy.

FLAGS FOR SCHOOL

A fine white flag pole surmounted with a gilt ball has been set in concrete on the Grammar school grounds by Thos. Butler and ere long the large flag which is already the property of the school will be floating proudly over the new \$30,000 school building.

The Bear Flag will also be given a prominent place on the school grounds and a special staff has been erected for the emblem which the local parlor of Native Sons will donate. Thus stirring epochs will be impressed upon the generation of present day school children and Sonoma will bring home to those who live here the fact that this is the cradle of California history.

Robert P. Hill was greeting friends here Thursday.

The General Vallejo home is being renovated and repaired for Mrs. Emparan, who will soon again reside over its historic portals with her usual charm and graciousness. Mrs. Emparan has been with her daughter, Mrs. Thomsor, during a prolonged illness.

HIDDEN LETTER RECALLS PAST

Virginia City of 1861 Discussed in Old Missive Found at Col. Rogers Place

A voice from the past speaks out in a time stained letter found this week by workmen between the joists of the old Wickersham mansion, formerly the home of the late Colonel Wm. K. Rogers. The epistle is dated Jan. 4th 1861 and was written from Virginia City Nevada, to W. K. R. It describes the progress of the Fitzgerald trial a famous case of that day in which four lawyers defended the accused and Hal Clayton prosecuted. In closing the writer pays his respects to Virginia City, rich in mining camp lynchings as well as gold.

"This is the d--d place for cutting and shooting I was ever in, the little grave yard contains 28 graves, 1 died a natural death and 27 by violence. Tell Mr. Rullard I heard the "Burning Moscow" had struck very rich ground but cant vouch for the truth of it. John Platt says that none of the ground is for sale, he will be in town for 2 or 3 days and I will try him again. I did not want to appear anxious about the matter, have no doubt but they have a good thing."

Yours,
Taylor

The W. K. R. referred to is undoubtedly Colonel Wm. K. Rogers a brother of the late Reuben H. Lloyd, and former occupant of the fine old mansion now being remodeled for Mrs. Lolita Schweitzer of San Francisco.

RED MEN IN- STALL TONIGHT

A joint installation of Sonoma Lodge United Order of Redmen and Bear Flag Stamm daughters of Pocahontas will take place tonight. Grand Chief J. V. Opper of San Francisco, will be installing officer and a fine banquet, for which covers will be laid for 100 will conclude the ceremonies. A delegation of 25 or 30 is expected from San Francisco.

SAILED THE SEAS IN HURRICANE

As Companion of Her Husband, Capt. Zachary, Former Sonoma Lady has Thrilling Experience

Mrs. Zachary, whose husband is a popular and well known sea faring man has had thrilling tales to tell her old Sonoma friends of her voyages with her husband, who is captain of a five masted sailing vessel and plies between all the important trade centers of the world.

Mrs. Zachary, despite the terrors endured during the three day hurricane while rounding the Horn on her last voyage, plans to rejoin her husband on another trip shortly. Since coming back to California she has received word of still another terrific storm, through which Capt. Zachary safely brought his vessel, although he lost some of his men and acknowledges that it was the worst experience he has undergone since the loss of his first wife and child in a wreck many years ago.

Mrs. Zachary tells how upon her last trip she crouched in the cabin day and night while her husband battled on the bridge of his vessel with the storm. He had ordered her to stay below no matter what occurred and she obeyed his orders implicitly not giving vent to the smallest expression of her terror although the vessel seemed doomed and every sail was ripped from the masts by the fury of the gale while mountain high seas swept the decks. It was her abiding faith that kept her up, so she says and will always give her courage to be at her husband's side no matter what the sea has in store for him. The vessel finally made its way to a safe harbor and Mrs. Zachary disembarked for New York and later crossed the continent to California. It was business however that made her take leave of the ship and she starts on another cruise shortly.

No one would think this little frail low voiced woman was so wonderful a sailor.

In times of calm she enjoys her travels and experience immensely and has volunteered to send some of her diary which is most delightfully interesting to the Editor of this paper for publication. Her next trip will begin with a cruise to the Hawaiian Islands.

WOMANS' AUXILI- ARY P. P. I. E.

The Sonoma Auxiliary of the Woman's Board, P. P. I. E., has just received a letter from the State President, Mrs. Frederick G. Sanborn, setting forth the present status of the Board and the need for its reorganization in order to fulfill a duty that seems to have devolved upon the women of California.

Considerable business yet remains to be done before all the affairs connected with the Exposition can be settled up. The furnishings of the California Building belonging to the Woman's Board were nearly all sold and at fair prices; a few of the larger pieces, suitable only for very large rooms were given to several of the city's charitable institutions.

The chief reason for a reorganization of this work of women, centered on the Travelers Aid Society. In this splendid work of safeguarding our California girls and their incoming sisters, you are cordially invited to attend a meeting to be held Friday, January, 28th at the home of the chairman, Mrs. P. N. Stofen. Come and bring a friend with you!

The Trudgen family have had the la grippe but we are pleased to record that they are recovering.

ODD FELLOWS BURY BROTHER

Charles Wilson for many years a resident of Agua Caliente passed away at the ripe old age of 83 years in Santa Rosa Sunday. The funeral took place here yesterday under the auspices of Sonoma Lodge No. 28 I. O. O. F. of which deceased was an old time member.

Charlie Wilson had resided in California 53 years and was a native of Norway. For many years he has been a familiar figure in Sonoma Valley and during the seventies conducted a butcher shop with the late George Cornelius. After the death of his old friend Peter Hein and James Raper, he expressed a wish to be buried near them when death should overtake him. His brother Odd Fellows saw to it that this wish was fulfilled and on the peaceful slope of Mountain Cemetery by the side of his old comrades rests all that is mortal of Charley Wilson. Although his friends tried to induce him to go to the I. O. O. F. Home at Searatoga to spend his declining years he deferred doing so. Just three days prior to his death his critical condition made it imperative to seek medical attention, so he went to the County Hospital where he passed away. It was several days before his news reached the Odd Fellows. He had no living relatives as far as can be learned but a host of friends followed the funeral cortege to Mountain Cemetery.

PROMINENT VISITOR FROM MARIN CO

A. F. Berri, a director of the Point Reyes Cooperative Creamery Company of Marin County was in town this week greeting friends and acquaintances. The Pt. Reyes Creamery has been in operation two years and is one of the most up to date plants north of San Francisco. Seventy five dairies supply cream to the concern while Mr. Berri has 160 cows of his own. The company has already paid 10 per cent dividends and the plant will be enlarged next season. Last year three tons of butter daily were turned out.

The Sonoma County Development Board is to have charge of the fine Panama Pacific Sonoma County exhibit now at Santa Rosa. This Board is to comprise a representative from each promotion body in this county.

PATIENT SUFFERER RESTS IN PEACE

Mrs. E. P. Cutter, Old Resident and Eastern Star Lady Passes Away After Long Illness

After an illness of more than a year during which time she has been bedridden, Mrs. E. P. Cutter passed away Wednesday at her late home east of town. Deceased had been a constant sufferer and her remarkable fortitude and patience evidenced the natural traits of kindness and forbearance which had always characterized her life.

Mrs. Cutter came to the Valley over forty years ago with her husband Captain Cutter who took charge of the large Buena Vista vineyards and later bought the fine farm where they afterwards resided.

The Captain died some years ago and since then his widow has resided at the home place with her son Charles Cutter and his wife who have tenderly cared for her during the months of suffering which preceded her death. Her other son Ephraim and family also ministered to her while the shadow of Eternity hovered about her and she died surrounded by her loved ones.

Mrs. Cutter was 71 years of age and came of sturdy New England stock. She was prominently identified with Valley of the Moon Chapter of Eastern Star who took part in the last sad rites on Thursday.

Prepare for 1916 Visitors

Sonoma Valley is pretty well prepared for the new impetus to be given travel this way by the opening up of better facilities for ferrying automobiles across the bay. It is true we will feel the tide more when the cut-off bridge is completed but meanwhile we are bound to get a big percentage of the motorists, for our valley has attractions and accommodations which people out for pleasure and recreation cannot afford to miss and they will come our way, perhaps not in the great numbers we would like to welcome but with sufficient assurance of their preference. We have many fine hotels and resorts to take care of these visitors and our swimming baths and the excellent tables set by our local hotels and the resorts all through the valley will prove big drawing cards to the traveling public. We cannot be too well prepared for the opening of the season. All who cater to the public or wish to, should get their places in good shape, improve and freshen up. Let every thing be spick and span for the coming of our guests during 1916. Keep up the standard of Sonoma Valley accommodations, that those who come first will spread the good news of Sonoma Valley's superior preparedness.

In regard to the increased touring which will come after the Northwestern installs its ferry facilities the San Francisco Chronicle says.

"With the increased ferry facilities and the branches of the new State highway system completed in the northern counties, the coming season will set a new high record for touring in Marin, Sonoma and Napa counties. The combination of a better ferry service and the improved roads will permit the motorists to go farther into the country on one-day tours, and let the glories of the spots visited become known once and a steady tide of motor traffic will flow there for the remainder of the year.

It is a certainty that the improved ferry service for which the motorists worked so diligently will be thoroughly appreciated by the property owners in the counties previously named, for when the automobile tourist invades a section and finds roads, scenery and accommodations good, he immediately advertises it to the world by sending other motorists to visit the same places. Marin, Sonoma and Napa counties all have scenic spots to boast about, and they will now have an opportunity to show them off to better advantage than ever before."

Time Limit

While admitting that President Wilson has had prodigious task in handling the Mexican problem, he has so far not shown his ability to handle it, and the frightful killing of the splendid young Americans as the latest insult to the nation, has brought matters to a crisis that should culminate now if ever in something decisive. We do not believe that Mr. Wilson is a weak man or a vacillating man. Once that he makes up his mind he will no doubt put his Mexican policy into effect whatever the hazard, but he will not be forced into open warfare unless he is convinced that warfare will be of more avail than to avenge. It is high time however to stop the dastardly insults to the flag and the murder of the flower of our young American manhood. If President Wilson cannot at this stage convince himself of the proper procedure in so grave a matter, he had better not aspire to another term in the presidential chair but turn over the reins of sovereignty to some American of decision. Mexico must be policed. Enough of riotous outrage has transpired to show the futility of trying to repose faith in any constitutional government there. The present semblance of any Mexican government is but an empty shell from which countless plots and revolutions have driven all substance.

The President has had ample time to study the situation. He has watched and he has waited. He must act now or acknowledge his incapacity.

The Jig is Up

The jig is up. The Progressives want to be taken back into the fold of the party from which as renegades they cut loose some time ago. They did not succeed in fooling all of the people and the some that they did, have begun to wake up and rub their eyes and wonder if after all politicians are not a piece off the same bolt when they get to steering the boat.

After bucking the tide and seeing the Democratic jack ass triumphantly reach the shore, the Progressive crew like not being kept away from the bin of plenty by a Bull Moose spell binder, so now they have run up the white flag and sent out an SOS call for the G. O. P. elephant to come and tow them in. A simultaneous convention has been arranged for Chicago and when we get all the righteousness that has been on a rampage back into the main artery of real Republicanism, Democratic vitality will quickly wane and prosperity will once again attend us. Let the Elephant and the Bull Moose get the crew to the shore, then submerge the Bull Moose. Let bubbles mark its passing—a fitting monument to a gaseous career.

Efficiency is Reason

The Index-Tribune advocates efficiency. That is why we advocate municipal ownership of our water system because we are convinced from the experience of other cities it will give us the best results at a minimum cost. That is why we believe there is justice in the plea for a raise of salaries in two municipal offices. In order to get efficient service rendered and in order to properly interest the proper kind of service we must be willing to offer a compensation commensurate with the work expected. It is only the rare exception where we find a man who will devote himself to the public weal and neglect his own business for nothing. The city will benefit by it if its affairs are entrusted to those who will regard it as a business bargain. Haphazard management is out of date. There are fewer philanthropists than formerly and business has expanded so that men cannot give their proper attention to civic matters for the honor and glory of it. There is competition among cities as well as private concerns and the cities that get the best results, get ahead the fastest. The dollar that is not earned by a man who works for a dollar salary is wasted where as a fifty dollar salary would be cheap if a fifty dollar man made good and there was sufficient work for him to do. We are convinced that there is ample work for the city clerk and the city attorney and we believe it is work that should be carefully done. It will be to Sonoma's interest to pay a fair salary and to see that it is earned.

Cloverdale is preparing for its Citrus Fair, St. Helena for its Vintage Festival, Petaluma for its Fourth of July and Sonoma—what is the matter with a Honk! Honk! Pow Wow! to celebrate the new auto ferry service. Lets invite everything from a one wheeze cycle car to a 60 H. P. to a big celebration here. Come on you boosters, here is a suggestion worth while.

Injustice of Proposed Legislation
Against Our Vineyards to be
Attacked so Growers De-
cide at Healds-
burg

In a spirited resolution framed at the big meeting of the wine interests at Healdsburg last Saturday is set forth the intention to spread the gospel of the grape, its right to protection at the hands of the voters of California and its aid to real temperance. The injustice of proposed legislative measures will be set forth in a vigorous campaign, funds for which will be raised among those who believe that justice should prevail and our big industry be protected from destruction through malicious or ill advised attempt at reform. The following prominent viticulturists were elected to the various offices for the coming year:

Sheridan Peterson of Windsor, president; W. C. Chisholm, of Windsor, first vice-president; A. E. Burnham, Healdsburg, second vice president; Louis Fappiano, Healdsburg, third vice-president; Carl Hatch, Cloverdale, who is at present president of the Cloverdale Grape Growers, secretary; and H. Frost, Healdsburg, treasurer. There will also be a member of the the association appointed from each town in the county to act as director and to collect subscriptions. Ex-President Humbert was elected as a delegate to the San Francisco convention next Saturday to formulate plans for a State organization similar to the one just formed. W. C. Chisholm offered the following resolution as the objective of the grape growers of this county:

Whereas, The Prohibitionists of the State of California have qualified in securing enough signatures to guarantee the placing on the ballot of the two prohibition amendments, to be submitted to the voters of California in November, 1916, these too drastic measures are detrimental to the interests of a large portion of our citizens, especially in Sonoma County and in the event of these amendments carrying, we would be ruined, financially, our vineyards and wineries would have to be destroyed or removed, and we would be left with unimproved lands which are not suitable for other crops; and Whereas, The principles of the proposed amendments are contrary to the established policy of State and Nation, which since 1862, have fostered viticulture in California; therefore, be

Resolved That the Sonoma County Grape Protective Association, at a called meeting assembled this, the 15th day of January, 1916 at Healdsburg, Sonoma County, Cal., hereby voice our disapproval and intense opposition to the adoption of either of these amendments and shall take extraordinary measures to teach those who do not understand, or realize, the great injury that it would incur, both to those who are vitally interested as well as the State and Nation at large; and further

Resolved, That each and all of us, constitute ourselves a committee to secure funds for the purpose of carrying on a successful educational campaign among our opponents

BRAVING HARDSHIPS OF SEVERE WINTER

Mrs. Ramona Lynch writes from her ranch on Brushy mountain, Mendocino County, that she is battling with the most severe cold and snow storm in the history of that isolated section. The snow has been four feet deep around their little cabin and icicles two feet long hang from the roof and trees. Much of their stock has died from exposure, many hogs perished and a fine little mule and saddle horse also succumbed.

The Indian who has been with them on the ranch has given up the fight and will try and make his way to Ukiah. Provisions have run low and there is no way of getting them in over the nine miles of trail from the nearest supply station. Coal oil has given out and evenings are spent in the uncertain flickers of the fire light. Mrs. Lynch writes that had she realized how severe the winter was going to be she would never have undertaken the hardship.

Now it is almost impossible to get out and should she venture as she declares she will before long, her trip will be attended with great peril.

The elevation of their claim is 3500 feet and it is in the heart of a rough and inaccessible country, 45 miles above Willits.

ENTERTAINS GUILD

Mrs. Louis Breitenbach was hostess to St. Barbara's Guild Tuesday afternoon and accorded the members who attended a very pleasant time. WOMEN'S CLUB GLEN ELLEN

Jan. 1st, 1915, the membership of this Club was 40. In February we gained three members and in May one. During the year we lost two members through change of residence. We held 19 meetings, the average attendance being 23.

Owing to the shortage in funds in the school district the club took up a subscription and gave a card party realizing \$174. After the deficit in the Glen Ellen School district had been met the remainder of the funds so collected were divided between the school and the Club.

A belt of tennis flannel was purchased by the club and made up into night dresses for the Childrens Hospital.

All the children of Glen Ellen not liable otherwise to see the P. P. I. E. were sent by the club in charge of the teachers. I believe 21 children enjoyed the treat.

A week or so later a childrens party was given to the little tots too young to attend the Exposition, by the Club at which games were played and chocolate, cake, candy, nuts and other light refreshments were served.

This Club gave two dances during the year. At the first we cleared \$36.40 and at the second \$102.75.

The Library was moved from the Native Sons Hall to Mayflower Hall.

Sonoma People Praise Mixture

Many in Sonoma praise the simple mixture of buckthorn bark, glycerine, etc., known as Adler-ika. This remedy is the most THOROUGH bowel cleanser ever sold being even used successfully in appendicitis. ONE SPOONFUL relieves almost ANY CASE of constipation, sour or gassy stomach. ONE MINUTE after you take it the gasses rumble and pass out. Adler-ika cannot gripe and the INSTANT action is surprising. James McElney.

WHAT CATARRH IS

It has been said that every third person has catarrh in some form. Science has shown that nasal catarrh often indicates a general weakness of the body; and local treatments in the form of snuffs and vapors do little, if any good. To correct catarrh you should treat its cause by enriching your blood with the oil-food in Scott's Emulsion which is a medicinal food and a building-tonic, free from alcohol or any harmful drugs. Try it. Scott & Bowne, Bloomfield, N. J.
